

Armenia Home Inverter

Technological advancements are dramatically improving home solar storage and inverter performance while reducing costs.

Next-generation battery management systems maintain...

Inverter Solis 80K-5G.

The maximum efficiency of the system is 98.7%.

We ensure uninterrupted product performance and efficiency by providing a 10-year warranty

The company guarantees the high quality and efficiency of the presented inverters.

All inverters are certified with international standards and pass multi-level testing.

SOLARA ensures...

Efficiency Inverter Solis 3P15K-4G with a maximum input power of up to 14.5 kW.

The maximum efficiency of the system is 98.7%.

It is considered an ideal option for residential, small...

Inverter Solis 3P50K-5G with a maximum input power of up to 65 kW.

We ensure uninterrupted product performance and efficiency by providing a 10-year warranty

Efficiency Inverter Solis 36K-5G with a maximum input power of up to 47 kW.

The maximum efficiency of the system is 98.8%.

Thanks to the built-in flexible...

Efficiency Inverter Solis 100K-5G.

The maximum efficiency of the system is 99%.

Thanks to the built-in flexible scheme, the impact on the environment is...

There are plenty of solar panel and equipment manufacturers in Armenia, providing a variety of options for consumers and businesses looking to switch to solar power.

There is also access...

When purchasing inverters for solar stations with installation, delivery is free.

We install high-quality inverters and provide free warranty service.

For wholesale buyers we have a flexible...

Efficiency Inverter Solis 3P60K-4G with a maximum input power of up to 72 kW.

The maximum efficiency of the system is 99.9%.

It is considered an ideal...

Founded in 2018, "Volta" has specialized in the field of solar energy and quickly gained the trust of customers and partners.

We are now the official representative of Huawei, one of the world's...

Inverter Solis 3P10K-4G with a maximum input power of up to 12 kW.

We ensure uninterrupted product performance and efficiency by providing a 10-year warranty

Residential Solar Storage & Inverter Market Growth The global residential solar storage and inverter market is experiencing rapid expansion, with demand increasing by over 300% in the...

Inverter Solis 1P8K-5G with a maximum input power of up to 10.4 kW.

Armenia Home Inverter

We ensure uninterrupted product performance and efficiency by providing a 10-year warranty

What is a Microinverter?

A Microinverter or a Solar micro-inverter is an extremely small device used to convert DC to AC. These inverters are so small that they are used as plug-and-play....

Efficiency Inverter Solis 3P40K-5G with a maximum input power of up to 52 kW.

The maximum efficiency of the system is 98.8%.

Thanks to the built-in flexible scheme, the impact on the...

Efficiency Inverter Solis 3P25K-5G with a maximum input power of up to 33 kW.

The maximum efficiency of the system is 98.8%.

Thanks to the built-in flexible...

All inverters are certified with international standards and pass multi-level testing.

Inverter Solis 3P12K-4G with a maximum input power of up to 14.5 kW

10KW power solar panel inverter dc to ac sine wave inverter with charger, 12 years experience in the inverter industry, can design as per customer needs, and OEM/ODM production.
