What does the military do in San Marino?

Its members are full-time and have responsibility for the protection of citizens and property, and the preservation of law and order.

The entire military corps of San Marino depends upon the co-operation of full-time forces and their retained (volunteer) colleagues, known as the *Corpi Militari Volontari*, or *Voluntary Military Force*.

Where is San Marino located?

Only a stretch of about three kilometres in the south is bordered by the province of Pesaro and Urbino in the Marche region.

Located approximately ten kilometres (six miles) from the Adriatic coast near Rimini, San Marino features hilly terrain with little naturally flat ground, as part of the Apennine mountain range.

How does San Marino make money?

Tourism and banking are the country's main sources of revenue.

San Marino is a developed country, and although it is not a European Union member it is allowed to use the euro as its currency by arrangement with the Council of the European Union; it is also granted the right to use its own designs on the national side of the euro coins.

What type of government does San Marino have?

San Marino has the political framework of a parliamentary representative democratic republic: the captains regent are heads of state, and there is a pluriform multi-party system.

Executive power is exercised by the government.

How big is San Marino?

San Marino is the fifth-smallest country in the world, with a land area of just over 61 km<sup>2</sup> (23.1 sq mi) and a population of 34,042 as of 2025.

Its capital, the City of San Marino, sits atop Monte Titano, while its largest settlement is Dogana, in the municipality of Serravalle.

What is San Marino known for?

Founded in 301 AD, San Marino claims to be the oldest extant sovereign state and the oldest constitutional republic.

It is named after Saint Marinus, a stonemason from the Roman island of Rab (in present-day Croatia), who is supposed to have established a monastic community on Monte Titano.

San Marino's energy landscape is intrinsically linked to its geography, size, and economic structure.
